From the Sale Manager --

One of the great pleasures of the Shorthorn and Polled Shorthorn business is working with really fine, honest people like Ralph and Doreen Stirm. Like so many top breeders they have built their herd carefully with every spare dollar they could find.

It's taken long years of hard work but today their Polled Shorthorns can take their place among the country's most dependable. The foundation females include choice American, Canadian and Scottish females — purchased as high as \$3,000. The stock bulls are well known and it's taken a bidding tussel with some of the country's leading herds to get them. Today this prime foundation stock is producing well for the betterment of Polled Shorthorns everywhere — and they've paid their own way and more every year.

Ralph Stirm believes in Polled Shorthorns. He is convinced of the value of adding good Shorthorn blood as well. He believes in practical management. And, he is dedicated to the promotion of Polled Shorthorns over the long haul. This is a first **annual** sale. You can plan to come back the last Saturday in September for many years.

And, the cattle are there to bring you back.

The Stirms are joined by their friends Frank and Louis Dempster and Dr. R. E. Savage in a quality offering. They are grand folks and their Polled Shorthorns represent good investment opportunities. Plan now to be there on September 28. Be a part of another solid step forward in Polled Shorthorn promotion, expansion and improvement.

In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
